# SHEET METAL DESIGNS

Welcome to Sheet Metal Designs.

Our goal is to manufacture a product to meet the demands of our customers in function, value and aesthetics. The quality and design of our products make your choice easy to use Sheet Metal Designs on your next project. We wouldn't use anything else on our own projects.

Our products are made from 26 gauge metal with various substrates and many color options. Based on product design, material availability and color choices, many options are available. Contact us for more details. See our color chart on page 22 of this catalog.

Special order or custom products may require a deposit or contract agreement prior to manufacturing. Special orders and custom products may require additional lead time and additional cost.

Material shortages or damages should be noted on the Bill of Lading. Sheet Metal Designs should be notified of the error as soon as possible.

Correspondence should be sent to:

Sheet Metal Designs  
33582 Nickel Ave  
Jamesport, MO 64648

We hope you enjoy our product catalog. Please contact us with any questions or comments you may have.

Sincerely,

The Sheet Metal Designs Team

Hexagon cupolas are measured along the ridge line of the building roof.

Cupolas can be manufactured to match any Roof Pitch.

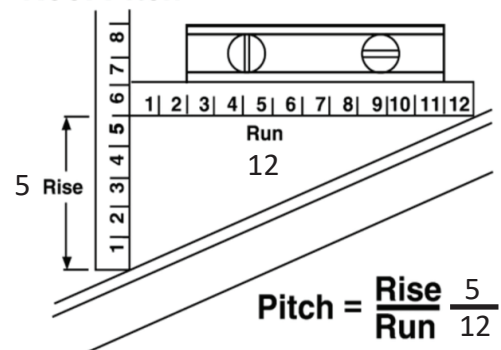

Use the diagram to calculate your Roof Pitch, or Rise and Run for your project.

No Assembly required.

Our cupola bases are built to support the cupolas without any additional cost for framing or flashing and made to match your roof pitch.

Many color combinations available. Windows are optional.
